

Welcome to Donor & Volunteer Appreciation Night!

- Our mission – To raise and manage funds for equipment, facilities & staff development to ensure our community and visitors have access to the best possible hospital care.

Three Main Areas We Support Annually

- Carolyn Frances Mack Nursing Education Fund
- Purchasing of Equipment
- Hospital Chaplaincy Program

Carolyn Frances Mack Nursing Education Fund

- Generous donations allow the Hospital Foundation to support nurses wishing to upgrade their skills through additional qualifications.
- 23 recipients since 2009!

**Enjoy the next few slides
as "Annie" demonstrates
some of new equipment!**

SAUGEEN MEMORIAL HOSPITAL FOUNDATION

Ann, Donna and Jonna get "Annie" in the Evacu-chair purchased with funds donated by the Hospital Auxiliary.

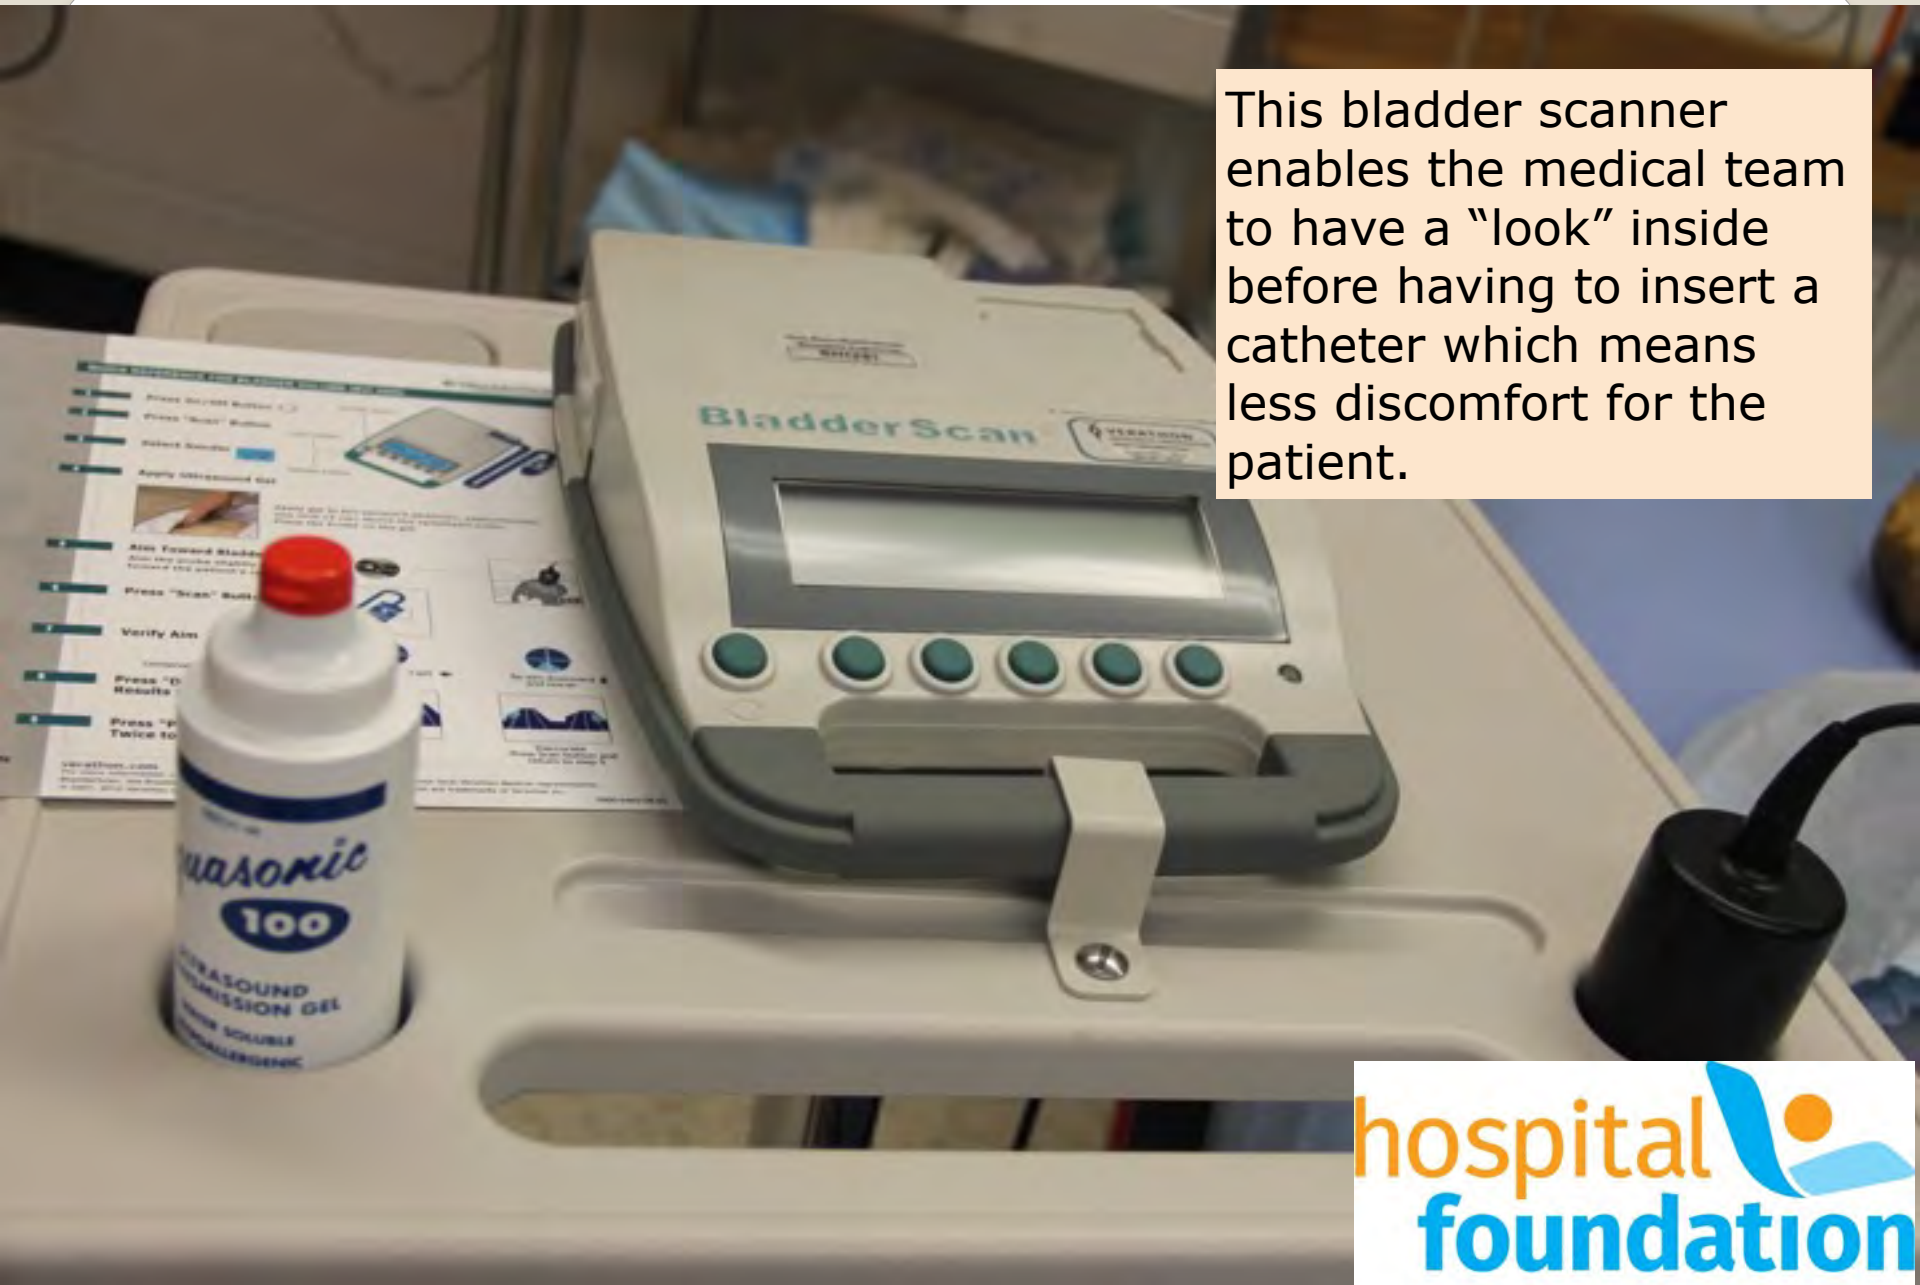

A photo featuring Jonna from the Foundation and Ann from the Auxiliary with Donna ensuring that "Annie" is kept safe in the hands of the expert.

The evacu-chair is designed to take patients safely downstairs in the event of an emergency. Every patient can be safely evacuated by one person!

This bladder scanner enables the medical team to have a “look” inside before having to insert a catheter which means less discomfort for the patient.

A photograph of a hospital room. A nurse, Nurse Barb, is standing and smiling while demonstrating a bladder scanner on a patient lying in a hospital bed. The patient is wearing a blue gown and has their abdomen covered with a white sheet. Nurse Barb is holding a handheld device connected to a machine on a table. The room contains medical equipment, a sink, and wooden cabinets.

Nurse Barb demonstrates how the bladder scanner is used (except we kept "Annie's" tummy covered!) The bladder scanner was purchased by the Foundation using your donor dollars.

The logo for the Hospital Foundation, featuring the word "hospital" in orange and "foundation" in blue, with a stylized blue and orange graphic to the right.

SAUGEEEN MEMORIAL HOSPITAL FOUNDATION

Donna explains how the Opti-Flo Airvo helps to save lives. This piece of equipment was also purchased with funds donated by the Hospital Auxiliary. Jonna watches and learns.

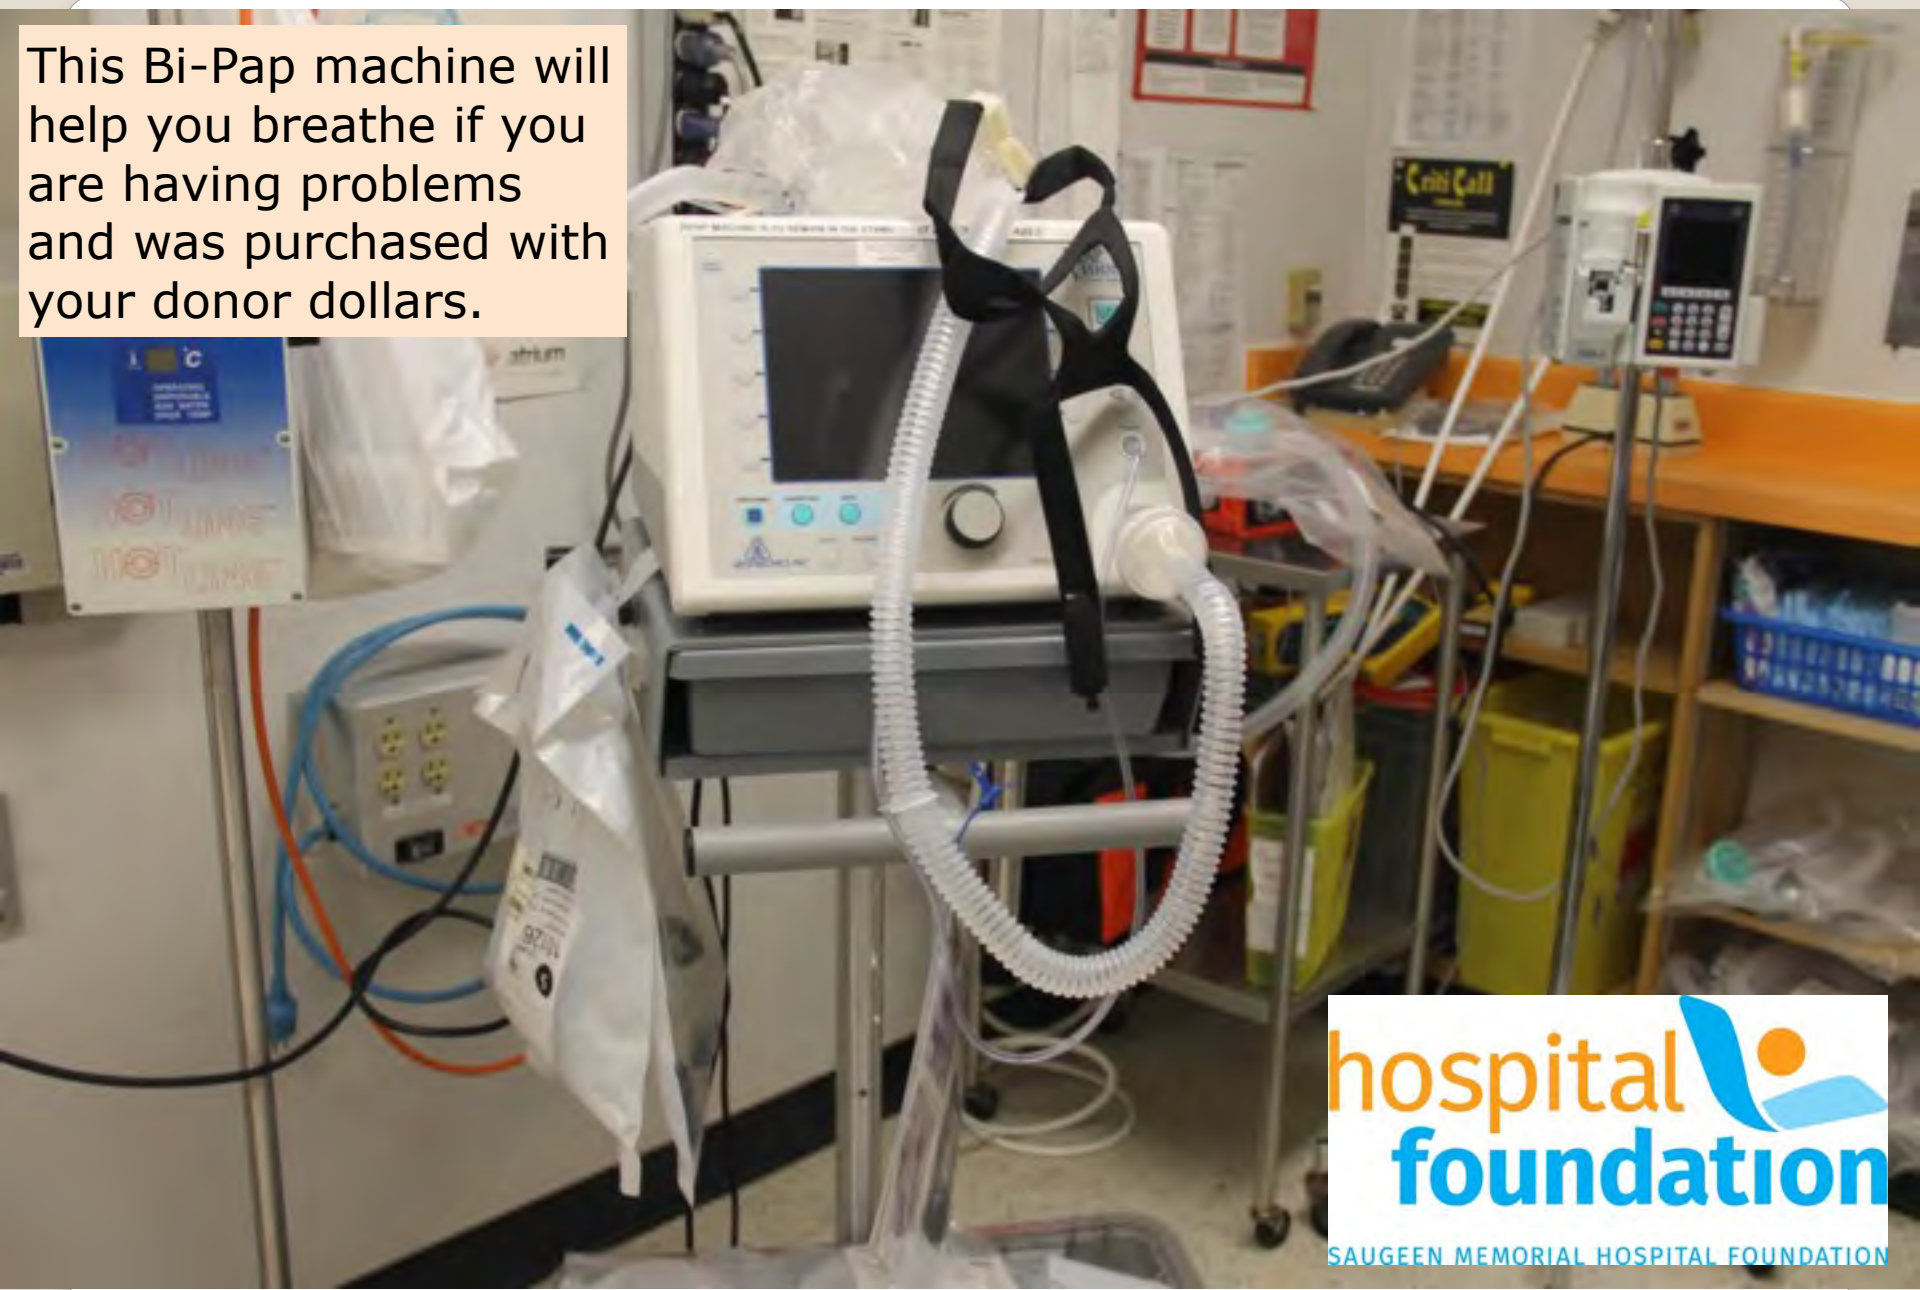

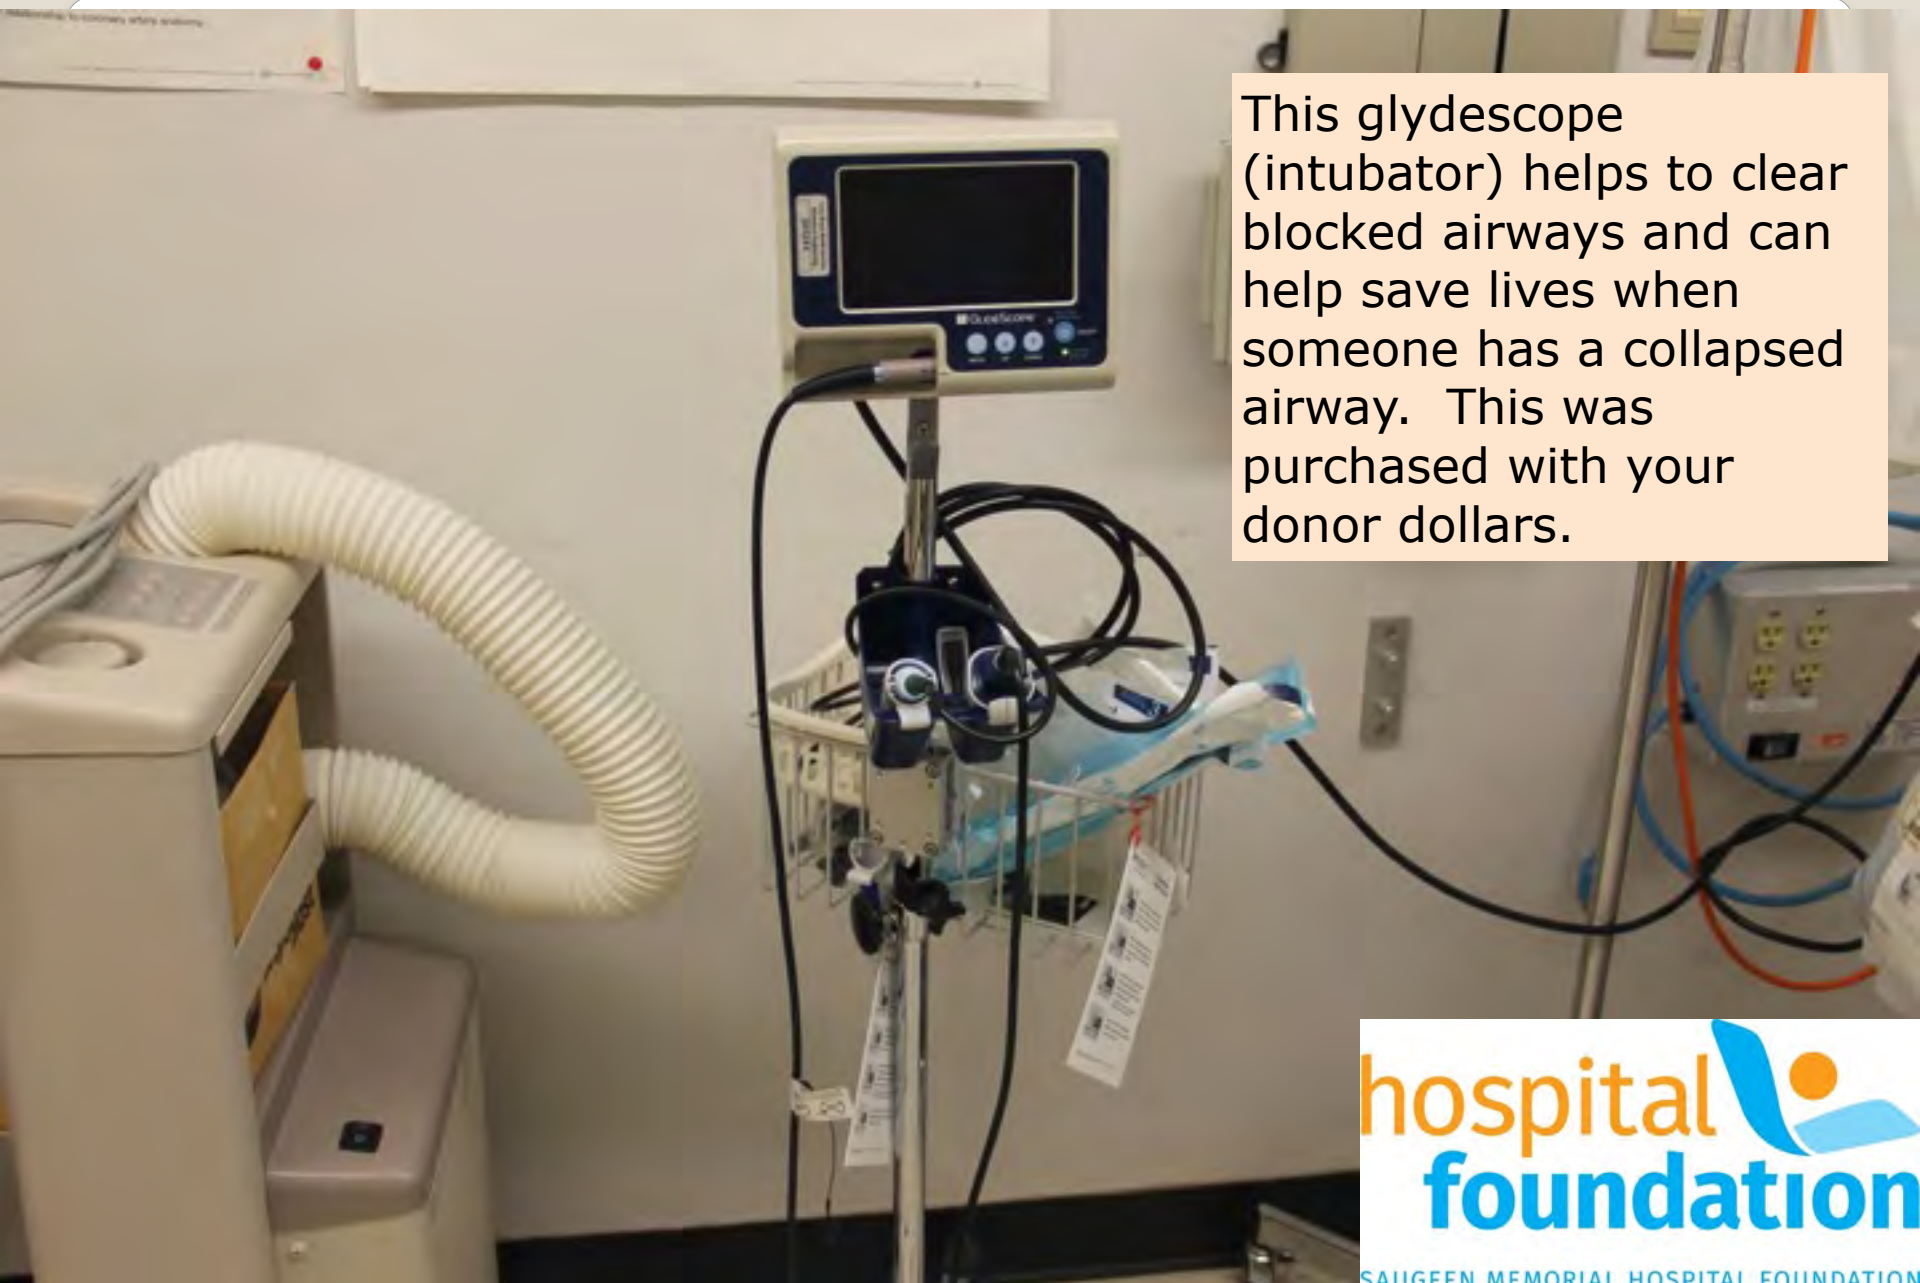

“Annie” is connected to the Airvo now – and it is helping her to recover from a near drowning accident.

This Transport Defibrillator/
Monitor was purchased with
funds from the Fitness
Funattack and your donor
dollars!

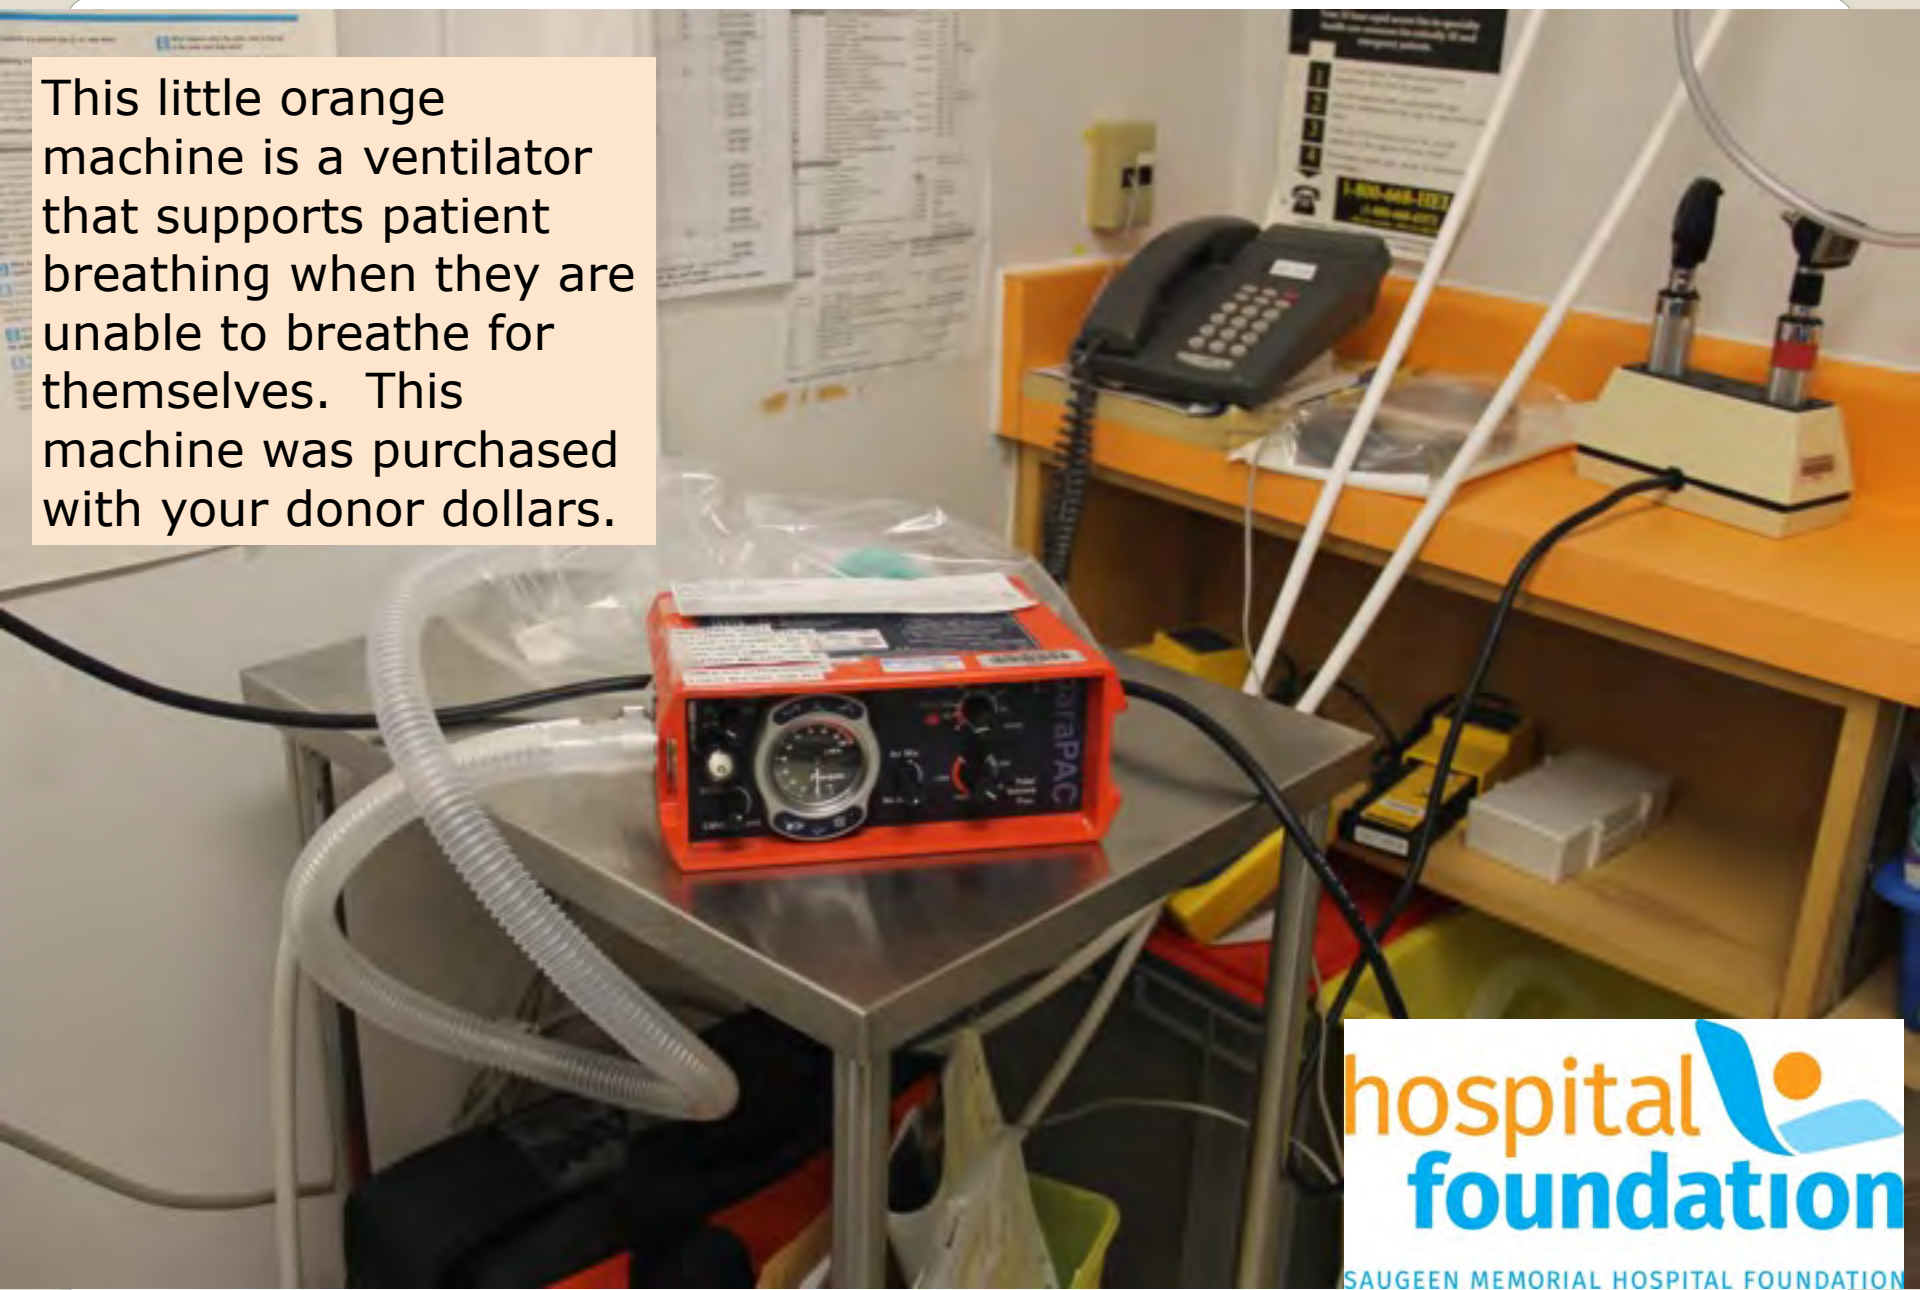

This Bi-Pap machine will help you breathe if you are having problems and was purchased with your donor dollars.

This glydescope (intubator) helps to clear blocked airways and can help save lives when someone has a collapsed airway. This was purchased with your donor dollars.

This little orange machine is a ventilator that supports patient breathing when they are unable to breathe for themselves. This machine was purchased with your donor dollars.

Wheelchairs are always needed. They are replaced and upgraded on a regular basis. The Hospital Auxiliary is helping with this year's purchase. "Annie" has plenty of room!

This patient chair lift was purchased with donor dollars through the Hospital Foundation.

This is an example of a patient bed like the ones being purchased with funds from the Bruce Power Charity Golf Tournament 2015.

We hope you enjoyed “Annie’s” Presentation!

This represents just a few pieces of equipment purchased recently with your donor dollars. The long list includes the CT Scanner in Owen Sound, the new Interventional Radiology Suite, the Mammography Suite, and, of course, we will be building the new ER/Lab in the Spring of 2016.

SAUGEEN MEMORIAL HOSPITAL FOUNDATION

Hospital Chaplaincy Program

Special thank you to Reverend Dr. Dwight Biggs who has been our Hospital Chaplain caring and nurturing patients and staff alike. Known to many as the “minister with the pony-tail”, we wish him well as he moves to his new position of Manager of Spiritual Care across the GBHS Hospital Network.

SAUGEN MEMORIAL HOSPITAL FOUNDATION

**Thank you for
your support!**

**All this good work is accomplished
with YOUR DOLLARS! YOU make this
happen! Thank you!**
