

Dr. Thomas Earl and the late Edna Earl

■ Taking care of us - past, present & future

A lasting gesture to maintaining the health of those he felt responsible for.

Dr. Thomas Earl feels blessed to live in this community. His strong personal values and a passion for giving have inspired him to take an active role in supporting local healthcare causes including the Dr. Earl Health Centre and Saugeen Memorial Hospital. In recent years, Dr. Earl took his charitable giving a step further when he implemented planned annual giving to the the Hospital.

Dr. Earl served as physician to this community for 40 years. Along with a private practice, he also worked at Saugeen Memorial Hospital every day. He is proud to have worked with an exceptional team that are all proudly dedicated to patient care.

With a belief that our community needs a strong, caring and accessible health care system, Dr. Earl was a passionate proponent for a medical centre in Port Elgin. The community responded to his commitment by naming the clinic, the Dr. Earl Health Centre.

In conversations with Dad over the years, John Earl reflects on his father's commitment to the health and well being of his community. "Dad desires to continue this giving - well beyond his time as a local physician - as a more lasting gesture to maintaining the health of those he felt responsible for."

■ *Everyone who has a desire to give has the ability to leave a legacy for our Southampton Hospital. Leave your legacy gift, which offers an opportunity for you to be remembered for making a contribution to the life of your community.*
